

## RAVES FOR THE EXTREME SEARCHER'S INTERNET HANDBOOK

“Buying this book has to be the quickest way you can access year’s of hard-won Web searching experience. Invaluable.”

—William Hann, FreePint

“Great tips, clear explanations, and years of expertise distilled into 250 pages of clear, engaging text. This book should be on every searcher’s desk.”

—Mary Ellen Bates, author,  
*Building & Running a Successful Research Business*  
and co-author, *Researching Online for Dummies*

“Here is a great how-to guide by one of the world's foremost search trainers ... a treasure trove for Web searchers.”

—Greg Notess  
Search Engine Showdown

“A very useful book ... full of useful content and information, well arranged and clearly displayed.”

—*Program: Electronic Library and Information Systems*

“If you are an experienced searcher, there is still probably a technique or web resource that will be new to you. For those less experienced, you will save years of trial and error by listening to the advice given and using the resources listed in this book.”

—*ONLINE: Exploring Technology & Resources for Information Professionals*

“The author retains his clear writing style, nice glossary, and handy surfing tips. ... should be required reading for librarians, online professionals, and anyone else who wants to get the most out of the Internet. Recommended.”

—*CHOICE*

“[Hock’s] clear and useful guide will help anyone interested in going beyond Google, explaining when, why, and how best to use various search tools and other Web resources.”

—*Library Journal*
